

Pediatric Advanced Life Support (PALS) Hybrid Course

WHAT:

Pediatric Advanced Life Support (PALS) uses a series of videos and simulated pediatric emergencies to reinforce the important concepts of a systematic approach to pediatric assessment, basic life support, PALS treatment algorithms, effective resuscitation, and team dynamics. Students will need to complete the online portion and pass a quiz before attending the skills session. You **MUST** provide your course completion certificate prior to your skills session or forward the email with your quiz results to emseducation@ltfr.org.

WHEN:

Online

At your
convenience.
